

**Remarks**

The title of the invention, as set in the published International application (WO 2004/107354) has been amended to be consistent with that set forth on page 1 of the specification.

Claim 3 has been amended to depend only from claim 1, in order to reduce the filing fee, as a result of which new claim 4 has been added to the application. This new claim is the same as claim 3 except that it is dependent on claim 2.

The claim numbers have been amended to remove the brackets.

Respectfully submitted,

Takeshi IZUMI et al.
